MEMORANDUM FOR: Special Assistant, OER

VIA :

SUBJECT : Response to Request for Data on  
Grain Deliveries to the USSR

1. We have provided the tabulation below in response to the request for the "details of grain deliveries to the USSR in 1975." Because most of the data available to us comes from the supplying countries, we are providing data on shipments of grain to the USSR by country of origin. Our data therefore exclude grain shipped in 1974 and delivered early in 1975 and include grain shipped at the end of 1975, but not delivered until 1976. It should also be noted that our data are confined to shipments by sea.

<u>Origin</u>	<u>1,000 Metric Tons</u>
TOTAL	14,080
United States	8,309
Canada	2,817
Argentina	1,333
Australia	1,074
France	26
Brazil	521

2.

You may also wish to inform that for many of the supplying countries we can provide shipment data by month and by commodity.
